Mayor Bucciferro read the following update to the Municipal Facilities Project:

The building committee continues to meet on a bi-weekly schedule to further develop the overall floor plans for the fire station and municipal building. The design teams have reached the 60% complete milestone for the fire station portion of the project, and those documents are currently under review by HB. There was an open public comment session held on Saturday, Nov. 19th from 11am to 2 pm. This open comment session was presented by the design team H2M. They prepared several elevations of the new station to share with the community. Attendance was relatively low with approximately 12 people attending. The design will take all comments into consideration and continue the design process for the new station

The November 22nd meeting was attended by Mayor Elect Bucciferro. He was given an overview the projects phasing, budget, and design development. The committee will be starting to develop in more detail the program for the Village Hall renovation, and Mayor elect voiced a strong interest and desire to assist the committee in that development.

December 14, 2022

The project will be out to bid for Phase 1 in January 2023 with a May 2023 construction start date. Phase 2 design will continue thru the Spring 2023.

The committee is also considering replacing the roof of the Village Hall in Summer of 2023 due to its poor condition. This new work will not be affected by the renovation.
