

RESOLUTION NO. _____ of 2025

VILLAGE OF SCOTIA
STORMWATER MANAGEMENT PLAN
2025 REVISIONS APPROVAL

A RESOLUTION IN CONNECTION WITH THE VILLAGE OF SCOTIA STORMWATER MANAGEMENT PLAN 2025 REVISIONS APPROVAL

WHEREAS, The new NYSDEC General Permit for Municipal Storm Sewer Systems requires the implementation of additional programs such as the Construction Oversight Program, Postconstruction SMP Maintenance and Inspection Program, Illicit Discharge Trackdown and Detection Program, and Monitoring Locations Inspections and Sampling Program; and,

WHEREAS, KB Engineering & Architecture, P.C. has developed these programs based on the existing BMPs and practices already mentioned in the existing Stormwater Management Plan and requirements in the General Permit. The Village of Scotia Stormwater Management Plan has been updated to include these new programs along with other minor revisions; and,

NOW, on Motion of board member _____, seconded by board member

_____, it is hereby

RESOLVED, that the revised Stormwater Management Plan dated November 2025 is approved and can be posted on the Village website.
